Correction to: Novel and emerging therapies for B cell lymphoma

Correction to: *Journal of Hematology & Oncology* (2019) 12:82

There is an error in Table 1 of the original article. Liso-cabtagene maraleucel (liso-cel) is administered as a flat dose of 1×10^8 CAR T cells, regardless of a patient's weight. The table incorrectly lists the dose as 1×10^8 cells/kg.
